“Here’s what you can achieve with a comparatively modest budget. Annie has created a real living space and given the clients much more than they would’ve expected. She’s used the space and drawn inspiration from the surroundings really impressively.”

Designer Award for Bathrooms - project cost up to £15k

“A great all-round achievement for the budget. Annie has managed to combine the bathroom into the bedroom seamlessly to create a living space that works really well. There’s some tricky angles in there too that she has dealt with impressively.”
